---

*Enviro-Equipment Inc.® is a North Carolina certified “Woman Owned Business Enterprise,” incorporated in January 1993. EEI is staffed by a team of environmental professionals with over 45 years of experience in the environmental industry. We are committed to providing quality rental equipment and products at reasonable rates. Our equipment is cleaned and calibrated before each rental; however there is never a recalibration fee. We offer daily rates on all of our rental equipment without one week or two day minimum requirements. The rental period begins the day after equipment is shipped by overnight courier to our customers. Local delivery and pickup of your equipment is provided free of charge. We offer same day shipment of in stock sales items. If you would like to set up an account with our company please contact us at (888) 274-8929 or (704) 588-7970.*

**REPORT/DATA DOWNLOAD SERVICES**

In an effort to better serve our clients we are now offering report download services on your rented equipment.

Pricing is as follows: \$25.00 for the first instrument and \$10.00 for any additional units on your rental order. This minimal fee includes: downloading your data from each instrument, exporting it into a usable format and emailing your completed work.

This service will without a doubt save you valuable time and possible frustration when dealing with unfamiliar software and instrumentation.

**REPAIR & CALIBRATION SERVICES**

<b>EXPRESS REPAIR\CALIBRATION FEE (3 DAY SERVICE)</b>	<b>\$100.00 ADDITIONAL\UNIT</b>
CLEAN & CALIBRATE PID\FID**	\$135.00***
CLEAN & CALIBRATE GAS METER**	\$135.00***
CLEAN & CALIBRATE HORIBA U-22, U-10, YSI-556	\$200.00

Decontamination Charges, as noted above, apply if equipment is excessively dirty or contaminated.

EQUIPMENT REPAIR LABOR \$95.00/HR

**NOTE: There is an Equipment Assessment fee of \$95.00 plus shipping and handling for repairs that are not approved.**

\*\* Customer must supply calibration gas and equipment manual if not in Enviro-Equipment, Inc.® inventory.

\*\*\* Equipment repair labor rate and parts are in addition to calibration charge, should unit be in need of repair.
